Flooring Warranty Guide

WARRANTY REQUIREMENTS

Proper installation is essential to the performance of Krafter's Land Cabinetry Inc. (Posheen®) SPC floors. Krafter's Land Cabinetry Inc. is not responsible for installation defects. It is the responsibility of the installer. Krafter's Land Cabinetry Inc. strongly recommend the installation work should be performed by the retailer or contractor. If installation is performed properly by the retailer or contractor, we guarantee that, for the specified warranty period, from the date of purchase:

- The floor edges won't curl
- The click will not dismantle
- The floor will not swell

Recommended Humidity and Temperature Range

SPC flooring can be used in areas ranging from 10F to 140F. The ideal indoor humidity range is 25%-80% relative humidity.

20-YEARS LIMITED RESIDENTIAL WARRANTY

The Krafter's Land Cabinetry Inc. 20-year limited residential warranty means that for 20 years from the date of purchase, your floor:

- Will not tear or gouge from normal household use
- Will not wear through*
- Will not contain manufacturing defects

*Wear-through is defined as loss of the floor design due to normal household use.

15-YEAR LIMITED COMMERCIAL WARRANTY

The Krafter's Land Cabinetry Inc. 15-year limited commercial warranty means that for 15 years from the date of purchase, your floor:

- Will not tear or gouge from limited commercial use
- Will not wear through*
- Will not contain manufacturing defects

*Wear-through is defined as loss of the floor design due to limited commercial use.

What is NOT covered by this warranty?

- Damage caused by fire, flooding or intentional damage.

Damage caused by vacuum cleaner beater bar, caster wheels and cutting from sharp objects.

- Loss of gloss/scratching.
- Construction or installation related damage
- Floors discolored by excessive moisture from sources such as water leakage
- Installation defects
- Damage caused by damage such as moving appliances across the floor without adequate protection.

Inspection of the material prior to installation is recommended. Krafter's Land Cabinetry Inc. will not pay labor costs to repair or replace material with defects that were apparent before or noticed at the end of installation.

If a defect covered by this warranty is reported to Krafter's Land Cabinetry Inc. in writing, Krafter's Land Cabinetry Inc. will provide a one-time only replacement of the floor per unit. For defects of large area, Krafter's Land Cabinetry Inc. will send a representative on site to confirm the issue.

WARRANTY OWNER

This warranty extends only to the original buyer.

CARE AND MAINTENANCE

Proper care and maintenance will help ensure your floor always looks its best. Simply follow our maintenance and prevention steps outlined below.

Proactive Protection for Your Floor

- When moving appliances or heavy furniture, it is always wise to lay a panel on your floor and "walk" the item across it. This protects your floor from scuffing and tears.
- Use floor protectors on furniture to reduce indentation. As a general rule of thumb, the heavier the item, the wider the floor protector needed.
- Place a walk-off mat at outside entrances to reduce the amount of dirt brought into your home.

Reducer

- 1. Multi-Purpose Reducer is used to transition floors of unequal height from wood/laminate floors to carpet, vinyl or tile.
- 2. Premium SPC reducer molding.
- 3. Dimensions: 2400mm Lx45mm W x 8mm/9mm thick (94.5" x 1.77" x 0.31"/0.35")
- 4. Scratch and abrasion resistant, 100% waterproof.
- 5. 8mm thickness coordinates with 5.5mm thick flooring, 9mm thickness coordinates with 6.5mm,7.0 mm thick flooring.

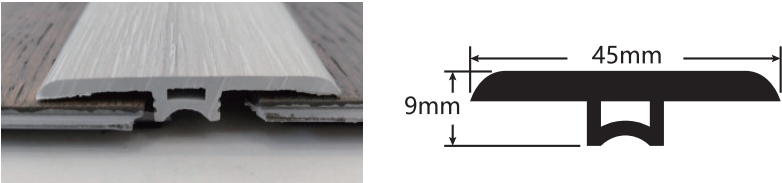

End Cap

- 1. End Caps are used to transition from vinyl flooring to carpet, masonry (fireplaces), sliding doors and other exterior door jams.
- 2. Premium SPC end cap molding.
- 3. Dimensions: 2400mmLx35mm W x 8mm/9mm thick (94.5" x 1.38" x 0.31"/0.35")
- 4. Scratch and abrasion resistant, 100% waterproof.
- 5. 8mm thickness coordinates with 5.5mm thick flooring, 9mm thickness coordinates with 6.5mm, 7.0 mm thick flooring.

T-molding

- 1. T-mold is designed to join two areas of flooring that are the same thickness.
- 2. Premium SPC T-molding.
- 3. Dimensions: 2400mmLx45mm Wx 8mm thick (94.5" x 1.38" x 0.31")
- 4. Easy to maintain, sweep and wipe with damp mop.
- 5. Coordinates with 5.5mm, 6.5mm, 7.0mm thick flooring.

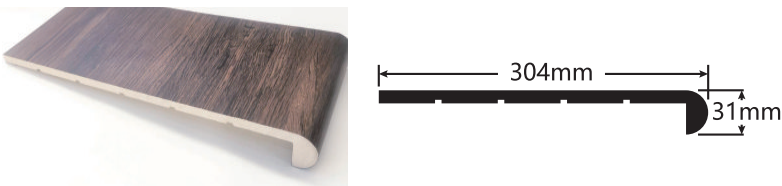

Quarter Round

- 1. Quarter Round Molding is designed for use as an inside corner or on top of trim planks to create column bases, make small transitions or to fill small gaps
- 2. Premium WPC Quarter Round molding.
- 3. Dimensions: 2400mm Lx 45mm W x 8mm thick (94.5" x 1.38" x 0.31")
- 4. WPC is durable and easy to maintain.
- 5. Coordinates with vinyl flooring of any thickness.

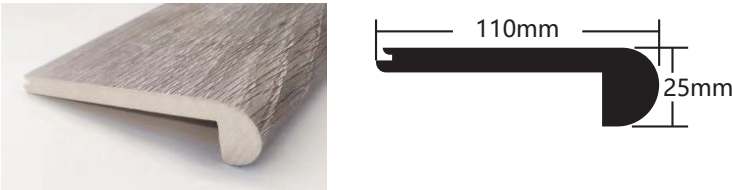

Stair Tread

- 1. Stair Tread is a durable viny overlay with pre-attached stair nosing. For updating carpeted or worn out stairs.
- 2. Premium WPC Stair Tread.
- 3. Dimensions: 1200mm Lx304mm W x 31mm thick (47.2" x 11.97" x 1.22")
- 4. Easy to install and low maintenance.
- 5. Coordinates with vinyl flooring of any thickness.

Flush Stair Nose

- 1. Flush Stair Nose is designed for a seamless finish on staircases, enhancing both functionality and aesthetics.
- 2. Premium WPC Flush Stair Nose.
- 3. Dimensions: 2400mm L x 110mm W x 25mm thick (94.5" x 4.33" x 0.98").
- 4. Comes in a package of 6 pieces per carton (each piece in a plastic bag).
- 5. Surface Material: Wear layer + decorative film, providing durability and aesthetic appeal.

multi-function transition molding

- 1. Multi-function Transition Molding is ideal for transitioning between different flooring levels or materials.
- 2. Premium SPC Multi-function Transition Molding.
- 3. Dimensions: 2400mm L x 50mm W x 28mm thick (94.5" x 1.97" x 1.10").
- 4. Comes in a package of 6 pieces per carton (each piece in a plastic bag).
- 5. Surface Material: Wear layer + decorative film, ensuring both resilience and style.
